

Problems	Ideal Solutions	Preference For Work
When we go to a new place, we sometimes are unable to contact people because we don't know the language of that place nicely.	Translator App	5
We are sometimes fed up of our food and we become obese.	Food Planner App	5
Siya wants to learn some new languages (particularly) but she is not able to find a nice Platform for it.	Language App (may contain videos related to it)	4
Riya's child in the pandemic has forgotten to build logic in school activities for logical questions. He has also become very lazy and does not even do anything. He always only wants games.	For this we can make an app which may contain a game because her child likes to play games. Playing this he'll have logical development and he'll be able to improve himself.	7
Nowadays, in weddings , parties and on occasions like this food is being wasted a lot.	Food Donation App	7
Ram went to school but suddenly while coming home the weather changed and it started raining.He wants a proper app which can tell him about weather forecasts.	Weather Detecting App	—
In my sister's wedding I was not able to find caterers and there was a lot much need for it.	Caterers Serving App (may contain a list of caterers who have logged in and will be able to book them)	6
My school notebook always gets lost by me and I am just fed up with it. How could I make all the notes again?	Notes App (will be able to draw different figures and write with in-numerable texts and fonts making your notes attractive to read and learn)	7
